Forecast For Northeast England
Issued by Met Office Exeter
at 0400 on Tuesday 02 Nov 2021

++ Valid for broadcast between 0600 and 1800

Headline:
A largely bright and sunny day, cool.

Today:
Any early fog patches clearing, with sunny spells following for most. Most parts staying dry, although the odd afternoon shower developing in the north mainly across the Cheviots. Cloud moving south later. Light winds, but feeling rather cool. Maximum temperature 10 deg C (50 deg F).

Tonight:
Becoming increasingly cloudy through the evening with showers merging into longer spells of rain moving south. Similar overnight, though some clear and dry spells by dawn. Rather cool. Minimum temperature 2 deg C (36 deg F).

Wednesday:
A rather showery day on Wednesday especially across eastern coastal parts. Drier across the Pennines. Remaining cool in the freshening northerly breeze. Rather brisk along coasts. Maximum temperature 9 deg C (48 deg F).

Outlook for Thursday to Saturday:
A showery start Thursday, especially on coasts, drier and brighter later. Bands of cloud and light rain at times Friday and Saturday as winds become westerly. Becoming cold.
